The business is wholly Australian owned, profitable and growing. An area which they have developed extensive experience is in integrating Primavera Enterprise and TeamPlay to SAP® and other systems. Primavera Systems Inc® is used by most of the larger engineering and construction (E&C) companies in Australia.

In addition, Primavera Australia has now expanded into non E&C areas such as IT, Telecommunications, government, Transportation. Major clients include NAB, Telstra, Deloitte's, Rail Infrastructure Corporation (NSW), M.Y.O.B. and more.

Primavera Australia has recently been awarded a project with Shell Nigeria to implement Primavera Enterprise. This was attained against World wide competition.
